Weekday Morning Classes Return October 5th!

Starting the week of October 5th, we are now offering weekday morning MiniStar, School-Age, and KINDERSTAR classes. KinderStar classes are also opening on Sunday mornings. KinderStars are a Parent and Tot class for children from 18 months to 3 years plus. Everyone participate, so both adults and children must wash their hands before starting class, and all adults must wear masks while inside the gym.

**KinderStars are
in the HOUSE!**

Star Week Skills Now ONLINE!

Our first Star Week of the new school year will happen this month, and now our Star Sheets are ONLINE! By Star Week we will have every student's Star Skills inputted into their online portfolio accessible through the Parent Login on the homepage of our website.

Please understand that the Star Sheets are simply a progress report. Usually children have mastered several of the skills during their first months in class, but it may take a year or more to learn those last few skills. Therefore, we feel it is more motivational to receive a handful of stars every Star Week, instead of most of the stars in the first assessment and possibly only one each Star Week following.

Coaches may evaluate the skills over two weeks to allow the students to rotate through every event. If you would like your child to be checked for the next level outside of Star Week, please ask at the front desk to speak with a floor manager. The coaches are also able to move students up whenever they feel the gymnast is ready.

Every School-Age student will receive a poster for their level to take home. In future Star Weeks, the appropriate sticker stars will be given for your children to put on their posters. MiniStar students will receive a ribbon every Star Week.

Lost & Found

Items left in the gym are on the table inside the front door. We have collected many water bottles and other treasures. Please claim your lost items by October 15th. After that date all items will be donated.
