## Tokyo OLYMPICS! Start on July 23rd!

Many of the children who attend classes at Gold Star are too young to have ever seen the Olympics (or remember the 2016 games). This event is the Super Bowl for gymnastics and it only happens once every four years. Please make sure to set your DVRs to capture this amazing spectacle.

Our women's team, led by Simone Biles, is one of our strongest ever. Simone is performing awe-inspiring skills that no one else in the world has ever competed. Our men's team, led by Brody Malone, will display high-flying jaw-dropping stunts.

These games will amaze you with gravity-defying twists and turns on vault, thrilling release moves on bars, feats of strength on rings, artistry on floor, and unbelievable flips on beam. You will also be able to see Rhythmic, Acrobatics (where partners stunt, dance, and tumble), and Trampoline.

Check your NBC affiliate channels for these events. Opening Ceremonies are on Friday, July 23rd, and gymnastics competition starts right away. Do not miss watching the very best gymnasts in the world. Look to [www.usa-gymnastics.org](http://www.usa-gymnastics.org) for information on scoring, profiles on our gymnasts, and updates on our team, and [www.nbcolympics.com](http://www.nbcolympics.com) for the entire event schedule. The Olympics are the greatest opportunity to see top level gymnastics during prime time.
