GSG Coach Competing at European Gymnastics Championships

Panteley, one of our Boys Team coaches, is competing at the European Championships in August! If you were lucky enough to see Panteley's rings routine live at our Big Show, then you understand how impressive a gymnast he is! If you missed it ... his routine posted on our social media!

Panteley has been asked to rejoin his teammates on the Ukrainian National Men's Gymnastics team and compete at the European Championships in Munich (August 11-20). The men's competitions start on August 18th -- look for streaming information on www.europeangymnastics.com/news

Congratulations Panteley!

We will be cheering for you from California!
